Ecobee 5 Smart Thermostat

Fantastic

\$540

The Ecobee 5 Smart Thermostat features digital, liquid display touch screen functionality, is compatible with SmartSensor, Apple HomeKit, Alexa and more applications. Control your home comfort settings, and humidifier, from anywhere using your iOS iPhone or Android device.

Ecobee 3 Thermostat

Best

\$450

The Ecobee 3 Smart Thermostat features digital, liquid display touch screen functionality. Compatible with SmartSensor, Apple HomeKit, Alexa and more applications. Control your home comfort settings from anywhere using your iOS iPhone or Android device.

Honeywell T6 Thermostat508

Better

\$390

The Honeywell T6 programmable thermostat features push button control and seven-day scheduling, including an option to set a different schedule on weekends. The adaptive intelligent recovery feature helps you feel comfortable sooner by learning how long it takes your system to reach a desired temperature and activating the system earlier.

Honeywell T4 Thermostat

Good

\$262

The Honeywell T4 programmable thermostat features push button control and seven-day scheduling, including an option to set a different schedule on weekends. The adaptive intelligent recovery feature helps you feel comfortable sooner by learning how long it takes your system to reach a desired temperature and activating the system earlier.
For 1 Heat/1 Cool systems

Whole House Humidifier

\$685

Bryant whole house humidifiers add moisture to the air, helping to keep static, sore throats, and dry skin at bay. Humidified air feels warmer, so you can enjoy comfort at cooler temperature settings to help save energy over the winter.

Leak Detector

\$269

The Honeywell WI-FI Water leak and freeze detector, sends out alerts at the install site and through your smart device if/when water leaks or freezes are detected. Prevent and protect your home, property and your systems from damages caused by water and/or freezing pipes.

Wet Switch

\$272

A Wet Switch is designed to help prevent flooding, damage to carpets, walls, furniture, ceilings, etc. as a result of condensation overflow/drainage issues. It turns the system off when moisture due to condensate or drain leaks is detected.

GlowFly Ignitor

\$225

Glowfly Universal Hot Surface Ignitor by Honeywell. Universal furnace ignitor

Compressor Saver 3.5

\$330

Your compressor is one of the most important and expensive components of your HVAC system. Compressor savers allows your compressor to start up more quickly, therefore, using less power and reducing stress and workload on the compressor, thus, extending the life expectancy on your system's compressor.

Compressor Saver 1.0

\$309

Your compressor is one of the most important and expensive components of your HVAC system. Compressor savers allows your compressor to start up more quickly, therefore, using less power and reducing stress and workload on the compressor, thus, extending the life expectancy on your system's compressor.

Surge Protector

\$280

Zap-Pro Surge Protectors are a fast and convenient way to protect your expensive Units and Circuit Boards from 'dirty' incoming power and spikes.

A/C Re-New

\$250

Improves the lubrication in the compressor of your air conditioner as well as the entire system's heat transfer capability so that it can blow colder air. Air conditioners with A/C Re-New will run less, save energy, last longer, and run quieter.

i-Wave R Air Purifier

\$979

The iWave-R is the first self-cleaning, no maintenance air treatment/purifier for residential duct AC systems. Positive and negative ions actively purify the supply air as the air flows past the iWave-R. Kills mold, bacteria and viruses in the coil and living spaces. The ionization process also reduces allergens, smoke and static electricity, as well as controlling odors (cooking, pet, VOCs) and other particles.

i-Wave M Air Purifier

\$656

The iWave-M is a highly flexible, low maintenance air treatment/purifier for nearly any AC system and specifically for duct-less/Mini split systems. Positive and negative ions actively purify the supply air as the air flows past the iWave-R. Kills mold, bacteria and viruses in the coil and living spaces. The ionization process also reduces allergens, smoke and static electricity, as well as controlling odors (cooking, pet, VOCs) and other particles.

Apco Air Purifier

\$1,196

The original APCO® Whole-House Air Purifier cleans the air by combining UV-C light and activated carbon; two technologies proven to be most effective at killing germs and removing odors by reducing chemical vapors known as volatile organic compounds (VOCs). Some of them, like formaldehyde and acetone, are known to be toxic.
